

Data Quality Report

As of May 31, 2026 · M&E; and data teams

The dashboard is sign-off ready only after overdue reports and flagged records are cleared.

Snapshot

72% Data score Sign-off confidence	91.9% Reporting Member completeness
4 Open issues 5 total flags	15 Overdue reports Member records

Validation flags by severity

High		1 flags
Medium		3 flags
Low		1 flags

Summary

72% data completeness with 4 open or in-review validation flags.

Recommended follow-ups

1. Clear high-severity records before donor or board circulation.
2. Move duplicate profiles and reach verification into the weekly close routine.
3. Keep the sign-off page tied to issue owner and status.
