

Executive Impact Summary

As of May 31, 2026 · Board and leadership

Reach is scaling, but leadership follow-up should focus on risk and the unfunded gap.

Snapshot

86 Active CBOs 186 total members	186K People reached 41K households
KES 118M Funds deployed Grants plus loans	7 Projects at risk KES 77.2M funding gap

Active project mix

Youth skills and livelihoods		9 projects
Women economic empowerment		8 projects
Climate resilience		7 projects
Food security		6 projects
Water and sanitation		5 projects

Summary

Across the Kenya network, GAC engaged 86 active CBOs across 15 counties, reaching an estimated 186K people this last 12 months. KES 118M was deployed through grants and loans, with repayment holding at 70.5%. Youth skills and livelihoods leads the active portfolio, while KES 77.2M in community needs remains unfunded and 7 projects need follow-up.

Recommended follow-ups

1. Prioritize follow-up on high-risk projects before the next board packet.
2. Use the funding gap bridge to direct donor conversations by theme.
3. Keep repayment follow-up active while loan performance remains stable.

Evidence to watch

7 projects require follow-up HIGH

Water and sanitation in Garissa County has the highest current risk flag.

15 member reports overdue HIGH

Mostly from Nyanza, with reach figures and activity logs still pending.

0 loan accounts overdue LOW

No overdue loan balances in the selected view.

KES 77.2M estimated funding gap HIGH

Youth skills and livelihoods carries the largest unfunded need at KES 16.4M.
