

Loan Portfolio Report

As of May 31, 2026 · Finance

Repayment is stable, but the next 30 days need active account management.

Snapshot

KES 34.6M Loans disbursed Principal deployed	KES 24.4M Repaid 70.5% repayment
KES 10.2M Outstanding Open balances	0 Overdue loans 1 due soon

Outstanding loan aging

Current		KES 8.2M
Due in 30 days		KES 700K
1-30 overdue		0 closed
31-60 overdue		KES 300K
61-90 overdue		0 closed
90+ overdue		KES 1M

Summary

Repayment is stable at 70.5%, but 6.9% of outstanding balances (KES 700K) fall due within 30 days; schedule follow-up now.

Recommended follow-ups

- Schedule due-soon borrower outreach before balances age.
- Separate closed accounts from outstanding exposure in finance review.
- Escalate overdue accounts with project-level context attached.
